MESSAGE FROM CHAIRMAN ED COX

Fellow Republican,

Throughout its long history, the New York State Republican Party has helped provide the ideas and leadership necessary to ensure that government works for the people. We've tackled the great challenges facing our state, and led the way in forging new solutions that will help our state and nation grow.

Our State Party and its message reach every New Yorker from every background, from small business owners to middle-income suburban families to upstate dairy farmers to trades union members. We are Asians, African-Americans and Hispanics who want an equal opportunity to be judged on the merits.

As New York Republicans, we know that cutting taxes and spending and reducing regulations are the only ways to grow our economy and create jobs. I hope you will join us in helping to ensure that New York is again the brightest light on that shining city on a hill, the United States of America.

Sincerely,

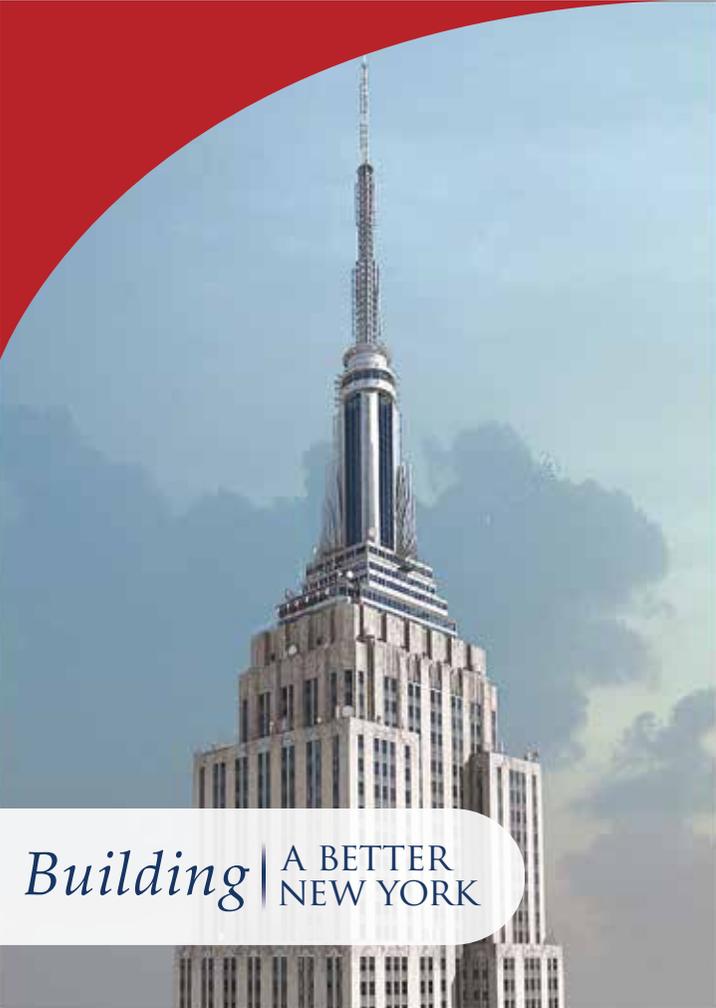

Ed Cox | Chairman
New York State Republican Party

Building | A BETTER
NEW YORK

REPUBLICAN PARTY OF NEW YORK STATE | EMPIRE CLUB

Electing the Next Generation of Republicans, RECLAIMING THE EMPIRE STATE

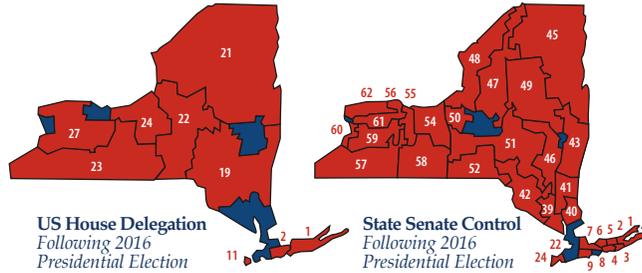

“Our Republican Majority is working hard to turn our great state around. Together, we can help families make ends meet, provide their children a world class education, and spark economic development to create opportunities and good jobs across New York State.”

Senator John J. Flanagan | Majority Leader

“Assembly Republicans are proud to fight for a better New York and a brighter future. The millions of men and women we represent deserve to keep more of their hard-earned money. They deserve new job opportunities across the state. They deserve quality schools and safe neighborhoods. And they deserve a government they can trust. Our conference is committed to these goals and will continue our unwavering efforts to make them a reality.”

Assembly Brian Kolb | Minority Leader

Winning Elections, GROWING OUR BASE

Although outnumbered 2.5 to 1, a rebuilt NYGOP has provided a sturdy platform for major Republican victories since 2009.

In 2014, we won back an absolute majority in the state senate, making it the only GOP controlled state legislative body in the ten most Democratic states in the nation.

We have sent more newly elected Republican members to Congress than any other state, expanding our delegation from 2 members to 9 members in 2014. In addition, for the first time in a presidential year since 1984, New York Republicans did not lose a single congressional election while also holding on to our State Senate Majority in 2016.

The 2018 election year brings us the mid-term elections for governor, comptroller, attorney general, a U.S. senate race and our congressional, state senate and assembly seats. Your support will help to continue the party building efforts in your region through coalition building, voter registration, volunteer mobilization and data analytics to ensure electoral success on all levels in 2018.

Our accomplishments would not have been possible without supporters like you.

Join the EMPIRE CLUB today and help us continue our successes in 2018 and beyond.
